K20 Internet SSR Fingerprint Time Clock

Introduction

K20 is a fingerprint time & attendance and access control terminal, which can connect with third party electric lock, exit button. With SSR report(self-service Report) stored in the time clock. The 2.8inch TFT screen can display more information vividly, including fingerprint image and verification result etc. TCP/IP communication is a standard function which makes sure the data transmission between terminal and PC can be easily done within several seconds. Internal backup battery insures the device working normally when the power cut off suddenly. It's an ideal product for SMB market.
